

OXFORD PTO

March 2014 EDITION

Finally!! The spring season has arrived. Now let's keep our fingers crossed that we do not get any surprise spring snow storms.

The PTO has been extremely busy loading up the calendar with fundraisers, community events, and fun family outings. Check out the "Upcoming Events" section below and www.oxfordpto.com for a run down of what is in the works.

We can always use volunteers to help with our fundraisers and events. If you are interested in helping out, check out the middle section of

the second page for contact information.

CYBER SEMINAR FOR PARENTS

Check out the latest online trends!

Vine, Reddit, Samba...do you know what that means? Do you want to learn more about what your kids are doing on their smart phones and computers? Come down to the Oxford Town Hall Meeting Room this Thursday, March 27 @ 7:30 pm to view a demonstration of the latest online/app trends and ask

a panel of experts any questions you may have.

While we look at our kiddos and see the amazing little innocent people that they are, we need to keep in mind the dangers that are lurking in this technological era. Our kids will laugh at us when we tell them that we are older than the internet! Stay informed, stay involved, talk to your kids about the apps and websites they are visiting. Come down on Thursday so you can have a few talking points for the important conversation that we all need to have with our kids. It is never too early or too late to start this open line of communication.
